Product Overview

Versatile Kitchen Appliance

This electric air fryer offers a healthier alternative to traditional deep frying by using minimal oil to achieve crispy textures. Designed for convenience, it features precise temperature and timer controls, making it suitable for a wide range of cooking tasks. Its compact footprint and removable, easy-to-clean basket make it an ideal addition to both professional and home kitchens.

Technical Specifications

Power Consumption	1400 W
Power Supply	120V / 60Hz
Temperature Range	80°C - 200°C
Maximum Timer	30 min

Key Features

Safety Features

- Cool-touch handle
- Removable basket for easy cleaning
- Compact design
