

Electric Air Fryer with Timer

This electric air fryer utilizes rapid air circulation for even cooking and crispy textures. It includes a 30-minute timer and adjustable temperature control for versatile meal preparation.

Product Overview

Healthy Cooking Simplified

This 5L electric air fryer utilizes advanced rapid air circulation technology to deliver crispy, evenly cooked results with minimal oil. Designed for efficiency and ease of use, it features a manual control interface with an adjustable thermostat and a 30-minute timer. Its durable, non-stick construction ensures easy cleaning, while safety features like overheat protection provide peace of mind for daily household use.

Technical Specifications

Power Output	1450 W
Voltage	230 V
Capacity	5 L
