

Electric and Steam Iron with Adjustable Temperature

This electric and steam iron is designed for efficient garment care. It features a temperature control dial, steam function, and non-stick soleplate.

Product Overview

Professional Garment Care

This electric and steam iron is engineered for efficient and effective garment care, suitable for various fabric types. It features a versatile temperature control dial and a powerful steam function designed to remove stubborn wrinkles with ease. The ergonomic construction ensures comfortable handling, while the non-stick soleplate provides smooth gliding and even heat distribution for professional results.
