

# Electric Assist Adult Tricycle with Basket

This electric tricycle is designed for stability and ease of use. It features a sturdy frame, comfortable seat, and a spacious wire basket for carrying items, making it suitable for errands or leisure.

## Product Overview

### Designed for Stability and Comfort

This electric assist adult tricycle is engineered to provide a safe and practical transportation solution, particularly for elderly individuals or those requiring enhanced balance. Featuring a sturdy frame and a stable three-wheel configuration, it offers a secure riding experience. The integrated electric motor assists with propulsion, making it significantly easier to navigate hills and travel longer distances with minimal effort.

## Technical Specifications

Model Number	CLC002Z
