

Electric Bicycle with Step-Through Frame

This electric bicycle features a step-through frame, a front basket, and a rear rack. It is equipped with a padded seat, headlight, and taillight for comfortable and safe urban transportation.

Product Overview

Urban Commuter Electric Bicycle

This electric bicycle is designed specifically for urban environments, offering a convenient and eco-friendly transportation solution. Featuring a step-through frame for easy mounting, it comes fully equipped with essential utility features including a front basket and rear rack for cargo. The integrated electric motor and battery system provide reliable pedal assistance, while safety is prioritized with built-in headlight and taillight systems.
