

Electric Bicycle with Step-Through Frame

This electric bicycle is designed for urban commuting and recreation. It features a step-through frame, front basket, and rear rack.

Product Overview

Urban Mobility Redefined

This electric bicycle features a convenient step-through frame designed for easy mounting and effortless urban commuting. Equipped with an integrated electric motor, it provides smooth pedal assistance, making hilly terrain and long-distance travel manageable and comfortable. The inclusion of utility features like a front basket and rear rack ensures that it meets the practical storage needs of daily riders.
