Overview

High-Performance Li-ion Battery Charger

The C1200 series battery charger is a robust power solution designed specifically for lithium-ion battery packs. Engineered for reliability, this unit supports a wide range of applications including electric bikes, motorcycles, scooters, and golf carts. With its durable aluminum alloy shell and efficient design, it provides a stable and safe charging experience for professional and commercial use.

Technical Specifications

Output Voltage	71.4 V
Output Current	13 A
Output Power	928.2 W
Input Voltage Range	110-132VAC / 200-264VAC
Cells in Series	17

Physical Attributes

Dimensions	264 x 120 x 89 mm
Net Weight	2.1 kg
Shell Material	Aluminium Alloy

Compatibility & Compliance

Certifications

CE

Compatible Battery Type

Li-ion

Suitable Applications

Electric Bike, Motorcycle, Scooter, Cleaner, Golf Cart

Warranty Period

12 Months
