

# Electric Box Fan

This electric box fan circulates air effectively in personal spaces. It comes in sizes ranging from 10-inch to 20-inch.

## Product Overview

### Durable Industrial-Grade Airflow

This electric box fan features a robust all-metal construction designed for durability and high-performance airflow. Built with high-density fan grills and a high-temperature-resistant motor cover, it ensures safe and reliable operation in demanding environments. Its versatile design makes it suitable for a wide range of applications, offering a practical cooling solution.

## Key Features

### Core Benefits

All-Metal Structure, High-Density Grills, Heat-Resistant Motor Cover, Powerful Airflow, Durable Design

## Logistics & Sizing

### Model Specifications Table

Model	Carton Dimensions (mm)	40' (HQ) Capacity
10" KYT1006	335*130*380	4160
12" KYT1206	375*145*440	2740
14" KYT1408	425*165*495	2020
16" KYT1606	480*180*560	1440
20" KYT2001	1240*640*210	400
20" KYT2002A	600*160*600	1160

## Product Range
