

Electric Bread Toaster

This kitchen appliance is designed for toasting bread slices. It features slots for two slices of bread and a removable crumb tray for easy cleaning.

Product Overview

Professional Bread Toasting Solution

The TL-103A electric bread toaster is a reliable kitchen appliance designed for efficient, daily use in professional or commercial settings. Its durable metallic housing ensures long-lasting performance, while the variable browning control allows for precise customization of toast texture. Engineered for user convenience, it includes a removable crumb tray to maintain cleanliness and a simple lever mechanism for safe operation.
