

# Electric Cable Hoist

Electric hoist is designed for lifting and moving heavy loads. It features user-friendly controls, a durable cable, and a robust motor.

## Overview

### Professional Electric Cable Hoist

This industrial-grade electric cable hoist is engineered for efficient lifting and material handling in demanding environments. Featuring a robust motor and high-tensile steel cable, it offers reliable performance for loads up to 300kg. Designed for safety and ease of use, the unit includes a remote control pendant and is built to withstand rigorous duty cycles.

## Performance Metrics

### Key Performance Metrics

**20 m/min**

Lifting Speed

**25 m**

Lifting Height

**50 %**

Duty Cycle

## Technical Specifications

### Available Capacities

- 200
- 250
- 300

### Power Options

- 870
- 1110
- 1350

### Voltage & Frequency

230V, 50Hz

## Cable & Mechanical

### Available Cable Diameters

- 4
- 4.5
- 5

### Cable Length

26.2 m

## Physical Dimensions

### Shipping Specifications

Metric	Value
Packing Size	62x30x44 cm
Gross Weight	42 kg
Net Weight	40 kg
Quantity per Carton	1 pc
Unit Dimensions (LxWxH)	515x208x350mm
