Overview

Efficient Urban Delivery Solution

This electric cargo tricycle is engineered for reliable, eco-friendly urban logistics and delivery services. Featuring a fully enclosed cabin for all-weather protection and a robust cargo area, it ensures secure transport for your goods. The vehicle combines maneuverability with a stable, load-bearing design, making it an ideal choice for commercial applications requiring efficient short-distance transportation.

Performance

Motor Power

800 W

Rated Power

Maximum Speed	25 Km/h
Range per Charge	45-50 Km

Battery & Charging

Battery Type	Lead-acid battery
Battery Capacity	60V/20Ah-60Ah
Charging Time	6-8 hours

Physical Dimensions

Dimensions (L*W*H)	2915 x 1070 x 1235 mm
Weight	236 Kg

Chassis & Safety

Tyre Specifications

Position	Size	Type
Front	2.75-14	Tubeless
Rear	16-4.0	Tubeless

Braking System

Front Drum Brake, Rear Drum Brake
