

Electric Cargo Tricycle with Front Basket

This electric tricycle is equipped with a 48V 1000W motor. Its cargo bed measures approximately 1000*800*245mm and it is suitable for cargo transport and personal mobility.

Overview

Versatile Electric Cargo Solution

This electric three-wheeled cargo tricycle is designed for efficient transport and personal mobility. Featuring a powerful 48V 1000W differential motor and a robust cargo bed, it provides a reliable solution for hauling goods. With added comfort features like a double-seat cushion and dual hydraulic shock absorption, it offers both durability and ease of use for daily tasks.
