

Electric Chainsaw

This electric chainsaw is designed for cutting wood. It features a durable chain and a powerful motor for efficient operation.

Product Overview

High-Performance Electric Chainsaw

The S2026 Electric Chainsaw is an efficient and reliable tool designed for versatile wood-cutting tasks in garden and light forestry applications. Powered by a robust 1800W motor, it offers consistent performance and ease of use with features like an automatic chain oil system and a quick-replace carbon brush mechanism. This model balances power and safety, making it an excellent choice for professional and residential maintenance needs.
