

Electric Citrus Juice Extractor

This electric citrus juicer features a stainless steel body and a black plastic reamer and handle. The reamer efficiently extracts juice from citrus fruits, and the transparent container has a spout for pouring.

Product Overview

Professional Citrus Extraction

This electric citrus juice extractor is designed for efficient and reliable juice extraction. Featuring a durable stainless steel body, it combines longevity with a modern aesthetic suitable for professional kitchen environments. The integrated transparent container and ergonomic handle ensure a seamless workflow, making it a practical and high-performance solution for daily juicing needs.

Technical Specifications

Body Material	Stainless Steel
Components	Stainless Steel Body, Plastic Reamer, Plastic Handle

Features

Key Features
