

Electric Citrus Juice Extractor with Volume Markings

This electric citrus juicer efficiently extracts juice from oranges, lemons, and grapefruits. It features a clear reamer and a graduated pitcher with volume markings for easy measuring.

Product Overview

Efficient Citrus Juicing Solution

This electric citrus juice extractor is designed for consistent and efficient juice preparation, featuring a powerful 30W pure copper motor. With a 1L capacity bowl and clear volume markings, it allows for precise measurements during use. Its unique, stylish orange-inspired design and included dustproof cover make it a practical and attractive addition to any kitchen or commercial beverage station.
