

Electric Citrus Juicer with 0.7L Capacity

This electric citrus juicer is designed for efficiently extracting juice from various citrus fruits. It features a 0.7L capacity container and a two-direction twist detachable design for ease of use and cleaning.

Product Overview

The JE-601AB series features a detachable, easy-to-clean design with a clear 0.7L container.

Efficient Citrus Juicing

This electric citrus juicer is designed for reliable performance in any kitchen environment. Featuring a 0.7L capacity and a durable AS material construction for the jar and cover, it offers a practical solution for daily juice extraction. The unit utilizes a two-direction twist mechanism and a detachable design, ensuring both ease of use and simple cleaning for the end user.
