

Electric Citrus Juicer with Collector

This electric citrus juicer efficiently extracts juice from various citrus fruits. It includes a clear plastic container to collect the extracted juice.

Product Overview

Efficient Citrus Extraction

This electric citrus juicer is designed for reliable performance in commercial or home environments, featuring a 25W AC motor for consistent results. It includes a 600ml transparent container and a pulp control filter, ensuring high-quality juice extraction. With its two-direction rotation and anti-drip spout, it offers a clean and efficient juicing experience.

Technical Specifications

Voltage	220-240V
Frequency	50-60Hz
Rated Power	25 W
Motor Type	AC

Design & Features

Key Features

- Pulp control filter
- Anti-drip mouth
- Two-direction rotation
- Dust protection lid
- Dishwasher-safe attachments

Juice Container Capacity	600 ml
Material	Plastic
