

Electric Citrus Juicer with Lever Press

This electric citrus juicer features a stainless steel finish and a reamer for efficient juice extraction. It includes a press lever and a collection container, designed for home use.

Product Overview

High-Efficiency Citrus Extraction

This electric citrus juicer is designed for efficient and effortless juice extraction. Featuring a robust lever press mechanism, it maximizes yield from oranges, lemons, and other citrus fruits while minimizing manual effort. The stainless steel construction ensures durability and easy cleaning, making it a reliable addition to any kitchen or beverage preparation area.

Technical Specifications

Material Finish	Stainless Steel
Operation Type	Electric with Lever Press

Features

Key Features

- Lever press mechanism for high extraction efficiency
- Durable stainless steel housing
- Integrated collection container
- Optimized reamer design for various citrus sizes

Usage Context

Home Use • Citrus Juicing
