

Electric Citrus Juicer with Measurement Markings

This electric citrus juicer is designed for efficiently extracting juice from citrus fruits. It features a clear juice container with measurement markings and easy-to-disassemble parts.

Overview

Efficient Citrus Extraction

The JE-622CD Citrus Juicer is a specialized kitchen appliance designed for efficient juice extraction from various citrus fruits. Featuring a clear, durable container with clear measurement markings, it allows users to monitor juice levels easily. Its compact design saves countertop space, while the stainless steel base provides stability and a modern aesthetic. Detachable parts ensure quick and easy cleaning after every use.
