

Electric Citrus Juicer with Stainless Steel Finish

This electric citrus juicer is designed for efficiently extracting juice from citrus fruits. It features a rotating reamer and a clear container to collect the extracted juice.

Product Overview

The electric citrus juicer features a two-direction twist mechanism for optimal extraction and detachable parts for easy cleaning.

Efficient Citrus Extraction

This electric citrus juicer is designed for effortless and consistent juice extraction from halved citrus fruits. Featuring a specialized reamer mechanism with a two-direction twist, it ensures optimal yield for every use. With a 0.7L capacity and durable, food-grade components, it is an ideal solution for convenient, fresh juice preparation.
