

Electric Clothes Iron with Adjustable Steam

This electric iron is designed for ironing clothes and features a temperature control dial and steam settings. The iron is equipped with a non-stick soleplate for smooth gliding and adjustable steam output.

Product Overview

Professional Electric Ironing Solution

The EC-1998 electric iron is a high-performance household appliance engineered for efficient garment care. Featuring a non-stick soleplate and adjustable steam output, it ensures smooth gliding across various fabric types. Its ergonomic design and swivel cord provide superior handling comfort, making it an ideal choice for extended ironing tasks.
