

Electric Clothes Iron with Non-Stick Soleplate

This electric iron is designed for ironing clothes and features a temperature control dial to select the appropriate heat setting. It incorporates a swivel cord for ease of use and a non-stick soleplate to prevent fabric damage.

Product Overview

Efficiency and Precision

The SI-607 Electric Iron is a reliable household appliance engineered for efficient garment care. It features a specialized non-stick soleplate that ensures smooth gliding across various fabric types while minimizing the risk of fabric damage. Designed with user convenience in mind, the unit includes an integrated temperature control dial for precise heat settings and a swivel cord for enhanced maneuverability during use.
