

Electric Clothes Iron with Temperature Control

This electric clothes iron is designed for removing wrinkles from fabric through heat and pressure. It is equipped with a non-stick soleplate, temperature control, steam function, comfortable grip, swivel cord, overheat protection, and auto-shutoff.

Overview

Professional Fabric Care

This electric clothes iron is engineered for efficient wrinkle removal on a wide range of fabric types. Featuring a non-stick soleplate and adjustable temperature controls, it ensures smooth gliding and precise heat application for delicate to heavy-duty garments. Integrated safety mechanisms, including overheat protection and auto-shutoff, provide peace of mind during operation.
