Product Overview

Efficient Grinding Solution

This compact and efficient electric coffee grinder is engineered for precision, featuring durable stainless steel blades and a grinding chamber. Designed for both coffee beans and spices, it offers a pulse operation mode that allows users to achieve their desired consistency with ease. The unit prioritizes user safety with an integrated lock mechanism that prevents operation unless the lid is securely in place.

Technical Features

Blade Material	Stainless Steel
Grinding Chamber Material	Stainless Steel
Operation Type	Pulse Operation
Safety Features	Safety Lock Mechanism, Secure Lid Interlock

Design & Usability

Applications

- Coffee Beans
- Spices

Lid Design	Transparent Plastic
Exterior Material	Stainless Steel
