

Electric Commuter Bicycle with Basket

This electric bicycle is designed for urban commuting and leisure riding. It features a durable frame, an electric motor for assisted pedaling, and a basket for carrying items.

Overview

Urban Commuting Solution

This electric commuter bicycle is designed for practical and stylish urban transportation. Featuring a step-through frame for easy mounting, it offers an efficient riding experience for both commuting and leisure. With integrated electric assistance, it helps riders tackle hills and longer distances with ease, while the included basket and rear rack provide versatile cargo capacity.
