

Electric Commuter Bicycle with Rear Storage

This electric bicycle is designed for urban commuting, featuring a red and black color scheme. Equipped with a rear storage box and integrated lighting, it provides an eco-friendly transportation solution.

Overview

Efficient Urban Commuting Solution

This electric commuter bicycle is engineered for reliability and efficiency in urban environments. Featuring a durable frame construction and an integrated rear storage box, it provides a practical solution for daily transport needs. The design incorporates aerodynamic fairings and integrated lighting systems to enhance both performance and rider safety.

Technical Specifications

Performance Metrics

100 kg

Max Load Capacity

Model Number	TDR914Z
Design Features	Aerodynamic Fairings, Rear Storage Box, Integrated Lighting

Comfort and Control

Ride Components

- Ergonomic Comfortable Seat
- Responsive Braking System
- User-Friendly Control Interface
