

Electric Commuter Bicycle with Step-Through Frame

This electric bicycle is designed for urban commuting and leisure rides. It features a step-through frame, front basket, rear rack, electric motor, battery pack, lights, mudguards, and a kickstand.

Overview

Urban Commuter Electric Bicycle

This electric bicycle is specifically engineered for efficient urban commuting and comfortable leisure riding. Featuring a convenient step-through frame design, it ensures easy mounting and dismounting for riders of all abilities. The integrated electric motor and battery system provide reliable pedal assistance, while the included storage accessories like the front basket and rear rack make it a practical solution for daily transport.
