

Electric Commuter Bicycle with Step-Through Frame

This electric bicycle is designed with a step-through frame for easy access. It includes a front basket, rear rack, fenders, and a comfort saddle, making it suitable for urban commuting.

Product Overview

Designed for Urban Mobility

This electric commuter bicycle features a user-friendly step-through frame design, making it accessible and convenient for riders of all levels. Equipped with essential urban utility features like a front basket and rear rack, it is optimized for daily commuting and leisure rides. The centrally mounted battery ensures balanced weight distribution, while the included fenders and comfort saddle prioritize rider convenience.
