

Electric Commuter Bicycle with Step-Through Frame

This electric bicycle is designed for urban commuting and recreational use. It features a step-through frame, front and rear fenders, and a rear rack.

Overview

Designed for Urban Mobility

This electric commuter bicycle features a user-friendly step-through frame, making it accessible and convenient for daily urban transit. Equipped with a reliable Shimano drivetrain and integrated electric motor, it offers a smooth and efficient riding experience. The inclusion of practical accessories like fenders and a rear cargo rack ensures readiness for daily errands and commuting needs.
