

Electric Commuter Bike with Storage

This electric bike is designed for comfortable urban commuting. It features a step-through frame, rear storage box, and front/rear fenders.

Overview

Urban Commuter Solution

This electric commuter bike is designed for practicality and comfort in urban environments. Featuring a sleek, step-through frame with a durable black finish and chrome accents, it is built to handle daily transit needs with ease. The integrated rear storage box and essential accessories like fenders make it a highly functional choice for professional commuters.
