

Electric Commuter Scooter with Basket and Storage

This electric scooter is designed for urban commuting. It includes a front basket and rear storage compartment for carrying items.

Overview

Urban Mobility Solution

This electric commuter scooter is engineered for efficient urban travel, combining practical storage solutions with user-friendly design. Featuring a convenient step-through frame, it allows for effortless mounting and dismounting. The inclusion of both a front basket and rear storage compartment makes it an ideal choice for short to medium-distance errands and daily commuting.
