

Electric Commuter Scooter with Step-Through Frame

This electric scooter is designed for urban commuting. It features a step-through frame, front basket, and rear rack.

Overview

Urban Commuting Solution

This electric moped scooter is specifically designed for efficient and comfortable urban commuting. Its step-through frame ensures easy mounting and dismounting, making it highly accessible for daily riders. With integrated storage options like a front basket and rear rack, it provides practical utility for carrying essential items while maintaining a quiet, emission-free ride.
