

# Electric Countertop Water Dispenser with Ice Maker

This electric countertop water dispenser provides hot, cold, and chilled water. It also features an integrated ice maker that produces nugget ice.

## ADDITIONAL IMAGES

## Product Overview

### Versatile Countertop Water Solution

This multi-functional countertop appliance combines a high-performance water dispenser with an integrated bullet-style ice maker. Designed for convenience in homes and offices, it offers instant access to chilled, ambient, and hot water while maintaining water quality through advanced filtration. Its compact footprint ensures it fits easily on most counters, providing a professional-grade solution for beverage cooling and preparation.

## Performance Specifications

### Power & Heating

**2100 W**

Total Rated Power

**2000 W**

Heating Power

### Water Output Performance

**2.5 L/H**

Cold Water Flow

**520 ml/min**

Flow Rate

### Ice Making Capacity

8 bullet-shaped ice cubes per cycle (every 8-13 minutes); 50-60 cubes per hour

## Technical Details

Physical Dimensions	415 x 305 x 455 mm
Net Weight	16.6 kg
Shell Materials	ABS, Metal
Voltage & Frequency	220V / 50Hz

## Operations

### Water System Details

Feature	Specification
Water Source	Municipal Water
Water Pressure	0.4-0.8 Mpa
Filtration	PCC+200GRO
Total Capacity	4000 L
Inlet Temperature	5-38

### Key Features

- Powerful refrigeration compressor
- 1.2L Ice container
- External water tank
- Removable drip tray
- Automatic ice full reminder
