

Electric Deep Fryer with Removable Basket

This electric deep fryer is designed for home use, offering a convenient way to fry foods. It includes a removable basket and temperature control for easy and safe operation.

Overview

Efficient Electric Deep Fryer

This electric deep fryer is designed for reliable and consistent performance in food preparation. Featuring a user-friendly interface with intuitive rotary controls for temperature and timing, it simplifies the frying process for various snacks and meals. The inclusion of a removable basket and a splatter-preventing lid ensures both operational ease and safety during use.

Technical Details

Model Number	DF-9011
