

Electric Demolition Hammer

This electric hammer is designed for heavy-duty demolition and construction tasks. It features a robust motor and ergonomic design for comfortable operation during demanding applications like breaking concrete and chipping tile.

Product Overview

Heavy-Duty Demolition Performance

The Z1G-FD-45 Electric Demolition Hammer is engineered for demanding construction and renovation tasks. Featuring a robust motor and durable build quality, this tool is designed to withstand intense daily use on job sites. Its ergonomic design ensures operator comfort during extended operation, making it an ideal choice for breaking concrete, chipping away tile, and other heavy-duty demolition applications.

Technical Specifications

Model Number	Z1G-FD-45
Primary Applications	Concrete Breaking, Tile Chipping, Heavy-Duty Demolition

Key Features

Design Highlights

- Robust motor for high-impact performance
- Durable construction for longevity
- Ergonomic handle for reduced operator fatigue
