

Electric Diamond Knife Sharpener with Grip Handle

This electric diamond knife sharpener is designed for efficient and precise sharpening of various types of knives. The sharpener features a durable construction with a red and black finish, incorporating a stainless steel section and a black handle with grip indentations for secure handling.

Product Overview

Professional Electric Knife Sharpening

This electric diamond knife sharpener provides a fast, efficient solution for maintaining non-serrated blades. Featuring a precision 2-stage sharpening system, it first reshapes and rejuvenates the edge before honing and polishing it to a razor-sharp finish. Designed for stability and ease of use, it includes non-slip suction feet and an ergonomic grip handle, making it a reliable tool for both home and professional kitchens.

Technical Specifications

Voltage Compatibility	100-240V, 50/60 Hz
Sharpening Stages	2 stages
Construction Materials	ABS, Silica gel, Stainless steel, Diamond-coated wheels

Features

Safety & Stability
