

Electric Drain Auger Cleaner

This electric drain cleaner is ideal for clearing clogged pipes and drains. It is designed for use in lavatories, restrooms, and kitchens.

Product Overview

Professional Drain Cleaning Solution

This electric drain auger cleaner is engineered for efficient pipe maintenance in residential and commercial settings, including kitchens and restrooms. Featuring a powerful 550W motor and adjustable speed control, it easily navigates curved pipes to clear blockages effectively. The unit is designed for ease of use, utilizing a standard hand drill interface to minimize operator effort while maximizing performance.

Technical Specifications

Motor Power

550 W
Power

Safety Features

Built-in GFCI

Operating Speed

500 RPM

Voltage Compatibility

120V / 60Hz, 220V / 50Hz

Performance & Capacity

Compatible Pipe Diameter

3/4 in. to 3 in. (20mm - 75mm)
