

Electric Drip Coffee Maker with Glass Carafe

This electric drip coffee maker can brew 10 to 15 cups of coffee. It features a non-stick warming plate to keep coffee hot, a cone-style permanent filter, and a stainless steel water tank.

Product Overview

Professional Drip Coffee Experience

This electric drip coffee maker is designed for efficient and reliable brewing, perfect for office or home use. Featuring a generous 10-15 cup capacity and a durable stainless steel water tank, it ensures consistent performance. The inclusion of a heat-resistant glass carafe and a non-stick warming plate keeps your coffee at the ideal temperature, while the permanent cone filter offers convenience and sustainability.
