

Electric Food Chopper with Stainless Steel Blades

This electric food chopper is designed for efficient food preparation. It features stainless steel blades for effective chopping and blending.

Product Overview

Versatile Kitchen Efficiency

This electric multifunctional chopper is engineered to streamline food preparation tasks in professional or home kitchens. Equipped with a robust 300W pure copper motor and sharp stainless steel blades, it handles everything from chopping vegetables to blending smoothies and peeling garlic with ease. Its compact 700ml design ensures it fits seamlessly into any workspace while providing reliable performance for daily culinary needs.

Technical Specifications

Model Number	FP118-P
Dimensions	122 x 122 x 258 mm
Voltage	AC120V / AC220-240V

Performance Metrics

Motor Power

300 W

Power Output

Container Capacity	700 ml
Control Method	Pulse function

Functionality

Supported Functions	Chop, Blend, Smoothie making, Egg mixing, Garlic peeling
