

Electric Food Chopper with Stainless Steel Blades

This electric chopper features durable plastic container and stainless steel blades. It is designed for efficient chopping and grinding of various food items.

Product Overview

Versatile Kitchen Efficiency

This electric food chopper is designed for efficient mincing and blending in household kitchens. Featuring a 1.5L capacity and a unique double stainless steel blade system, it handles vegetables, fruits, and nuts with ease. The unit includes a dedicated whisking attachment, making it suitable for whipping cream or mayonnaise, while the two-speed stainless steel controls ensure precise operation.
