

# Electric Fruit and Vegetable Juicer

This electric juicer efficiently extracts juice from various fruits and vegetables. It features a 350W motor, two-speed function, and separate containers for juice and pulp.

## Product Overview

### Efficient Juicing Performance

This compact and efficient juicer is designed for extracting fresh juice from a variety of fruits and vegetables. Featuring a powerful 350W motor and a stainless steel blade and filter system, it ensures optimal juice extraction and smooth, pulp-free results. The design includes a wide feeding chute and dedicated containers for juice and dregs, making it ideal for continuous juicing in professional or home environments.

## Technical Specifications

Power Rating	350 W
Voltage & Frequency	AC220-240V 50/60Hz

## Capacity & Design

Juice Cup Capacity	850 ml
Dregs Cup Capacity	1250 ml

## Performance

Speed Settings	2 speeds with pulse function
Key Features	Pulp separation system, Wide feeding chute, Easy assembly, Dishwasher-safe components, BPA-free materials

## Construction & Materials

Housing Material	Plastic
Blade & Filter Material	Stainless steel
