

Electric Hand Planer for Woodworking

This electric hand planer is designed for smoothing and shaping wood surfaces. It utilizes a motor-driven cutter head with adjustable depth settings to remove thin layers of wood.

Product Overview

Professional Woodworking Performance

This electric hand planer is designed for precision smoothing and shaping of wood surfaces. Featuring a high-speed motor and an adjustable depth setting, it allows for efficient material removal and consistent results. Its ergonomic dual-handle design provides excellent control and stability for professional woodworking tasks.

Technical Specifications

Cutting Capacity

82 mm

Cutting Width

1 mm

Cutting Depth

Input Power

750 W

No Load Speed

16000 r/min

Electrical Requirements

Voltage Compatibility

110V, 230V

Frequency

50Hz/60Hz

Logistics & Packaging

Packaging Details

Metric	Value
Gross Weight	12 KGS
Net Weight	10 KGS
Carton Size	35 x 32 x 38.5 CM
Quantity per Carton	4 pcs
