

# Electric Herbal Medicine Cooker with Ceramic Pot

This electric cooker is designed for preparing traditional Chinese herbal medicine and tonics. It features a ceramic pot for slow cooking and preserving the medicinal properties of the ingredients.

## Product Overview

### Professional Herbal Medicine Cooker

This electric herbal medicine cooker is engineered to provide precise, slow-extraction cooking for traditional tonics and medicinal preparations. Featuring a premium ceramic pot, it preserves the natural efficacy and chemical integrity of herbal ingredients throughout the cooking process. The unit seamlessly integrates traditional design with a modern digital interface, offering versatile preset programs to simplify complex brewing routines.

## Technical Specifications

Pot Material	Ceramic
Control Interface	Digital Control Panel
