

# Electric High Pressure Washer

This high-pressure washer is designed for various cleaning tasks. It features a durable construction with a hose reel for convenient storage and a wheeled chassis for easy maneuverability.

## Product Overview

### Professional Cleaning Performance

The SLW-1860 electric high-pressure washer is engineered for versatility and durability in both domestic and light commercial environments. Equipped with a robust 2000W induction motor, it delivers consistent cleaning power for a variety of tasks. The unit features a user-friendly design, including a wheeled chassis for effortless maneuverability and an integrated hose reel for tidy, efficient storage.

## Technical Specifications

Voltage	220-240V
Frequency	50/60Hz
Power Output	2000 W
Motor Type	Induction motor

## Performance Metrics

### Pressure Performance

<b>110 Bar</b> Operating Pressure	<b>170 Bar</b> Max Pressure
--------------------------------------	--------------------------------

Flow Rate	7.5 L/min
-----------	-----------

## Features

Key Features	Hose Reel, Wheeled Chassis, Adjustable Nozzle, Compact Design
