

Electric High-Pressure Washer

This high-pressure washer is designed for heavy-duty cleaning tasks. It features a powerful electric motor coupled with a multi-piston pump to deliver high-pressure water flow.

Overview

Heavy-Duty Cleaning Performance

This electric high-pressure washer is engineered for demanding industrial and commercial cleaning tasks. Equipped with a powerful electric motor and a multi-piston pump, it delivers consistent high-pressure water flow for effective sanitation and maintenance. The unit is designed for mobility and ease of use, featuring a robust wheeled frame, an integrated pressure gauge for precise output monitoring, and versatile ports for various cleaning accessories.

Technical Specifications

Motor Type	Electric
Pump Mechanism	Multi-piston pump

Features

Mobility	Wheeled frame, Easy maneuverability
Monitoring	Yes
Accessory Ports	Multiple output ports
