

Electric High-Pressure Washer

This high-pressure washer is designed for heavy-duty cleaning tasks. It features a robust electric motor coupled with a multi-piston pump, delivering high-pressure water flow for effective dirt and grime removal.

Product Overview

Heavy-Duty Industrial Cleaning Solution

This electric high-pressure washer is engineered for demanding industrial and commercial cleaning tasks. Featuring a powerful electric motor and a robust multi-piston pump, it delivers consistent high-pressure water flow designed to effectively remove stubborn dirt and grime. The unit prioritizes durability with corrosion-resistant brass fittings and safety through an integrated thermal overload protection system.

Technical Specifications

Motor Type	Electric
Pump Design	Multi-piston pump
Safety Features	Thermal overload protection, Pressure gauge monitoring

Design & Build

Portability Features

- Sturdy frame
- Integrated wheels
- Ergonomic handle

Construction Materials	Brass fittings for corrosion resistance
------------------------	---

Application

Recommended Use

Industrial • Commercial
