

Electric Hoist 200kg Capacity

This electric hoist provides a robust and reliable lifting solution for various industrial and construction applications. It has a lifting capacity of up to 200 kg and a lifting height of up to 20 meters.

Product Overview

Professional Electric Hoist

This 200kg capacity electric hoist is engineered for reliable performance in industrial and construction environments. Featuring a powerful 750W single-phase motor and a durable air-cooled design, it ensures consistent operation with a 30m lifting height. Equipped with advanced safety features including plate arrester technology and an IP44 protection rating, this unit is built to handle demanding lifting tasks efficiently.

Power

Technical Specifications

Electrical System

Parameter	Value
Rated Voltage	230V
Frequency	50Hz
Motor Type	Single phase, AC asynchronism
Cooling System	Air-cooled
Protection Rating	IP44

Cable Details

- Length: 31.5m
- Diameter: 4.0mm

Duty Cycle

S3 50% 4m/min

Installation & Dimensions

Supporting Hook Distance

900mm - 1200mm

Packaging & Logistics

Shipping Information

Metric	Value
Packing Size	83 x 41.5 x 40 cm
Gross Weight	52 kg
Net Weight	50 kg
Quantity per Carton	1 pc
