

Electric Hoist with Wired Remote

This electric hoist is designed for lifting applications in industrial and construction settings. It features overload protection and limit switches for safety.

Product Overview

Industrial Electric Hoist

This electric hoist is designed for efficient lifting applications in various industrial and construction settings. It features a robust 500W motor and durable construction, ensuring reliable performance for daily lifting tasks. Equipped with a wired remote control, it offers safe and convenient operation for loads up to 200kg, making it a versatile tool for professional environments.

Performance Specifications

Key Performance Metrics

200 kg Max Capacity (Double Line)	12 m Max Lifting Height (Single)	500 W Motor Power	10 m/min Lifting Speed (Single)
---	--	-----------------------------	---

Lifting Capabilities

Feature	Single Line	Double Line
Capacity	100 kg	200 kg
Lifting Height	12 m	6 m
Lifting Speed	10 m/min	5 m/min

Technical Details

Cable Specifications

- Length: 12m
- Diameter: 3.18mm
- Resistor Cable Capacity: e500kg

Electrical Requirements: 220-230V, 50Hz

Duty Cycle: S3 20% 10min

Physical Dimensions

Shipping Information

- Packing Size: 45x37x16cm
- Quantity per Carton: 2pcs
- Gross Weight: 24kg
- Net Weight: 22kg

Unit Dimensions (LxWxH): 350x133x160mm
