

Electric Horizontal Log Splitter

This horizontal log splitter is designed for efficient and safe wood splitting. Its compact design allows for easy storage and transportation.

Product Overview

Efficient Wood Processing

This horizontal log splitter is engineered for efficient and safe wood processing, suitable for both home use and light commercial applications. It features a robust hydraulic system capable of generating substantial splitting force, ensuring reliable performance. Designed with a compact footprint, the unit allows for easy storage and transportation while maintaining durability.

Performance Metrics

Splitting Force

4 Tons

Model LS4T-37

5 Tons

Model LS5T-37

Key Features

Design Highlights

- Powerful electric motor
- Durable splitting wedge
- User-friendly controls
- Compact and portable

Safety Systems

Two-hand operation, Accident prevention design

Application

Best For

Home Use • Light Commercial
