Product Overview

Comfort and Therapy in One

This electric hot water bottle provides a convenient, reusable solution for staying warm during cold weather or soothing muscle aches. Designed with safety as a priority, it features triple-protection technology, including an anti-explosion charger rack and automatic temperature control. The device heats up in just 15 minutes and offers long-lasting warmth without the need for refilling water.

Technical Specifications

Power & Efficiency

360 W

Power Consumption

15 min

Charging Time

5 hours

Max Warmth Duration

Electrical Compatibility

- 100V
- 220V
- 50-60Hz

Dimensions

29 x 20 x 5 cm

Safety & Compliance

Certifications

GS • UL • ETL • CETL • CE • CB • SAA • SMARK • PSE • REACH • ROHS

Safety Mechanisms

Automatic Shut-off, Overheating Protection, Triple Protection, Anti-explosion Rack, Fuse-protected Heating
